

Statement by the Board of Directors in accordance with Chapter 19, Section 22 of the Swedish Companies Act

In order to allow the Company to adapt its capital structure to its capital needs from time to time and thereby contribute to an increased shareholder value, and/or to transfer own shares as payment in order to completely or partially finance any future real property investments and/or acquisitions of real property companies/businesses or by using own shares as payment in connection with agreements on acquisition of real property, alternatively to raise capital for such investments and/or acquisitions, the Board of Directors of Castellum Aktiebolag has proposed that the shareholders at the Annual General Meeting to be held on 23 March 2023 resolves to authorise the Board of Directors to, up until the next Annual General Meeting, resolve on acquisitions of own shares in accordance with the Board of Directors' proposal to resolve on the authorisation of the Board of Directors to resolve on acquisitions and transfers of own shares. The aforementioned proposal states, *inter alia*;

- (i) that the Company at the time of the proposal holds 17,331,000 own shares; and
- (ii) that the Board of Directors has proposed that the Annual General Meeting resolves to authorise the Board of Directors to resolve on acquisitions of the Company's own shares to the extent that the Company, after each acquisition, will hold no more than ten per cent (10%) of the shares in the Company.

The financial position of Castellum Aktiebolag and the Castellum group

The financial position of Castellum Aktiebolag and the Castellum group as of 31 December 2022 is presented in the annual report for the financial year 2022. Furthermore, the principles applied for valuation of assets, provisions and debt are presented in the annual report.

The defensibility of the authorisation

According to the annual report for the financial year 2022, the Company's unrestricted equity as of the balance sheet date 31 December 2022 amounts to SEK 40,258 million. The restricted equity as of the balance sheet date 31 December 2022 amounts to SEK 193 million. Derivative instruments and other financial instruments have been valued to the actual value in accordance with Chapter 4, Section 14 a of the Swedish Annual Accounts Act (Sw. *årsredovisningslagen*). The valuation has presented a surplus value of SEK 1,474 million after tax, which has affected the equity with the said amount.

With reference to the above, and to other information that has come to the knowledge of the Board of Directors, it is the opinion of the Board of Directors that the proposed authorisation for acquisitions of own shares are justified considering the parameters in Chapter 17, Section 3 second and third paragraphs of the Swedish Companies Act (i.e. the requirements in respect of the Company's and the group's equity and the Company's and the group's consolidation needs, liquidity and financial position in general, which is determined by the nature, scope and risks of the business).

CASTELLUM

The Board of Directors further observes that – prior to the utilisation of the proposed authorisation by the Board of Directors – it is obliged, according to Chapter 19, Section 29 of the Swedish Companies Act, to prepare a new statement in relation to whether or not the planned acquisition of own shares may be justified considering the parameters in Chapter 17, Section 3 second and third paragraphs of the Swedish Companies Act, in light of the circumstances prevailing at the relevant time.
